45 points.
1 year.
Zero shortcuts.

A season of site visits, negotiations and hand-off keys logged one location at a time across two districts.

THE GROUND WE COVERED

Not one center.
A network, built union by union.

Every point on this list meant a site visit, a landlord conversation and a build-out. Repeated until the map filled in.

45 UNIONS REACHED

HOW EACH POINT GOT BUILT

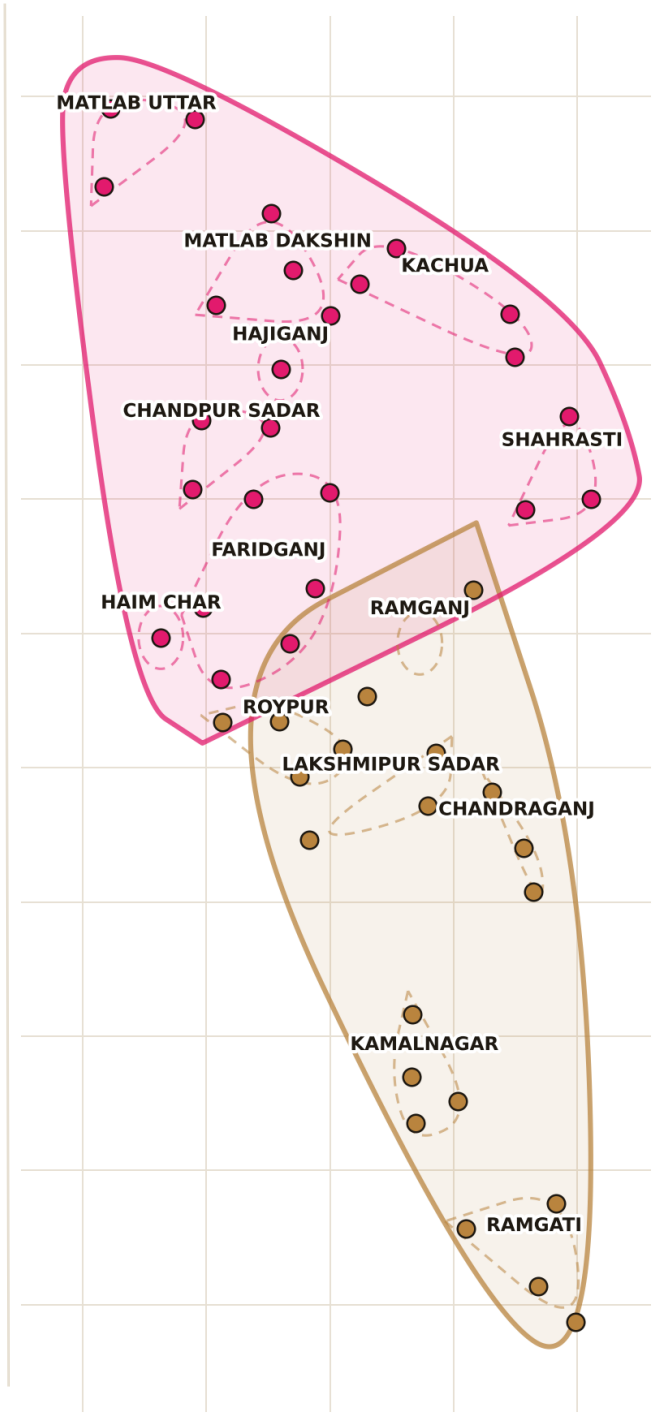

Five steps. Forty-five times over.

01	**Site selection**	Walking the ground, reading footfall and betting on the right corner of the bazar.
02	**Landlord negotiation**	Rent, advance and agreement terms — closed one conversation at a time.
03	**Renovation**	Turning an empty shop into a customer-ready Robi point.
04	**Recruitment & training**	Putting the right people behind the counter, ready on day one.
05	**Go-live**	Doors open. Then straight on to the next point.

WHERE THE 45 POINTS SIT

Every point, exactly where it stands.

Plotted by exact coordinates, not just counted — across 14 upazillas in Chandpur and Lakshmipur.

FROM THE FIELD · SITE & AGREEMENT

Where each point started: the ground and the paperwork.

Signage claiming the spot, and the landlord agreement that made it official.

ROBI SALES & SERVICE POINT

GO-LIVE DAY

Ribbons cut, doors open.

The moment each point turned from an empty shop into a Robi Sales & Service Point.

CELEBRATION

Cake, sweets and a quiet prayer for the road ahead.

Every opening closed the same way: gratitude first, business after.

COMMUNITY & CUSTOMERS

Winning the neighborhood, one counter at a time.

Retailer activations and on-the-ground sessions that turned footfall into loyal customers.

THE TEAM BEHIND IT

Every point has a team standing behind the counter.

Field visits, leadership check-ins and the people who made 45 points possible.

CLOSING THE LOG

45 points. One team. A year that added up.

Grateful to everyone who walked these sites, signed these agreements and opened these doors with me — this record belongs to the whole team.
