HSC, Comilla Cantonment College
2015 · Business Studies · GPA 4.25

I lead Robi's direct channel in the Chandpur Region and build the data tools my field team runs on. Years of sales, distribution and field operations taught me which numbers actually move a business. I am now moving into business analytics: clean data, honest KPIs and reports people open every morning.

45
Robi Sales and Service Points built from scratch

104

Q2 2025
National Best Regional Operation Manager

EXPERIENCE

Direct Channel Manager, Robi Axiata PLC
Jan 2025 to present

Chandpur Region

- Built 45 Robi Sales and Service Points across 14 upazilas, from site selection and landlord deals to renovation, hiring and training. 30 are live today.
- Founding contributor to Robi WiFi (FWA) in the region, from zero to 1,500+ customers across 20+ thanas.
- Lead a 104-person field team and a 73-bike electric Superbike fleet, serving 50,000+ customers a year.
- Built the RSSP Business Tracker, a daily KPI website that replaced hours of manual Excel reporting for 100+ staff.

Sales Manager, Robi Axiata PLC
Jul 2023 to Dec 2024

Faridganj, Chandpur

- Ran the Robi and Airtel business for 150,000 customers across 1,250 retail outlets.
- Grew thana revenue 16% year on year, from 25 to 29 million BDT a month, and raised ARPU from 166 to 193 taka.
- Delivered 60,000+ new customers a year and managed 670 million BDT of Robi investment.

Territory Manager, Robi Axiata PLC
Jan 2022 to Jun 2023

- Owned a 360 million BDT a year business with a 42-person team across two distribution points.
- Gained 3.66% 4G market share, grew data revenue 7.1% and brought 56% of retailers onto RedCube.

Market Development Officer, Banglalink
Jun 2021 to Dec 2021

- Led an 18-person team across three thanas and 31 BTS sites, and grew internet revenue 12% year on year.

Marketing Intern, PepsiCo
Apr 2021 to May 2021

- Worked on "Iftar with 7 UP", the national Ramadan campaign across social media and offline.

SELECTED ANALYTICS WORK

Telco customer churn, SQL
7,043 customers: five simple rules find the 21% of customers who hold 51% of churn.

Bangladesh mobile market dashboard
Two years of BTRC data cleaned, checked and analysed in SQLite, live on my site.

Superbike fleet KPI
Daily 3 KM rule and a 20-good-days monthly KPI, tracked per bike, distributor and supplier.

RedCube Super QR, UAT
Tested a retailer app feature for 500,000+ users and ran a one-week beta before national launch.

AWARDS

National Best Regional Operation Manager, Q2 2025 · First line manager in the country to get a full team through Robi's 2026 compliance courses · Cluster Top RnR Champion, Q3 2024 · Nationally nominated as Digital Distribution Maestro, 2022 · Red Thunderbolt Warriors, awarded twice
